# Hormozan Energy Industry Development Company (HEIDCO)

Leading Engineering Consultant and Project  
Management Company in Oil, Gas, Petrochemical  
and Energy Industry Since 2009

## Managing Director's Message

With an experience of well over 40 years in Iranian Oil and Gas industry and having been involved in engineering, procurement, construction and project management of major oil refinery and pipeline projects, I founded HEIDCO with the collaboration of a group of experienced, determined and devoted experts both at managerial and engineering level to serve the projects in Oil, Gas, Petrochemical and Energy Sectors in 2009.

We provide Engineering, Procurement Services and Project Management Services no matter how challenging the projects may prove to be and We bring combination of knowledge, skill, experience and commitment to our undertakings.

Here at HEIDCO we attach great importance to the quality, timely and on the budget execution of our projects, the environmental and safety issues and the excellence of what we are to deliver.

Asghar Salehi

Managing Director

## HEIDCO's Services

Headquartered in Tehran and a subsidiary engineering company in Esfahan, with a diverse and highly experienced team of more than 200 employees and equipped with the latest in Information Technology, we are engaged in every aspect of the oil and gas refineries and pipeline projects, including feasibility studies, engineering, procurement and construction.

We render all design and consulting services required for the development and realisation of complex industrial and infrastructural projects.

Depending on client's requirements our services would cover:

- Conceptual design and feasibility studies,
- Basic Design, Detailed Engineering and EPC project execution,
- Management Contractor and Project Management Consultant services,
- Procurement services in supply of equipment for Oil, Gas, Petrochemical and energy industries.

## Company Roots

We trace our roots to 1960s when we started as the designer and executor of petroleum and product depots and dispensing stations, followed by our involvement in one of Iran's oldest refineries and the national oil and gas pipelines leading to major undertakings such as Arak and Bandar Abbas grass root refinery projects.

## Commitments

As one of Iran's leading companies in the oil, gas and energy industry, we feel responsible and committed to set high standards in:

Fair treatment and equal opportunity for the employees and working towards providing better future and improved quality of life,

Observing and maintaining all codes and standards related to the Health, Safety, Security and the Environment to help us protect the environment, the safety of the communities in which we operate, and the health, safety and security of our people,

Triggering development of other industries and services,

Conducting our business with our consultants, contractors and suppliers on a fair and win-win basis,

Full support and promotion of our consultants, contractors and suppliers for on time completion of the projects through provision of various incentives,

Full support and encouragement of local suppliers and manufacturers,

Maintaining accurate and comprehensive records of company assets and financial integrity and reports; protecting company property, intellectual property,

Practicing cost awareness, and understanding that all of our employees must be cost conscientious at all times.

## HSE Policy

We are committed to ensure:

- Zero losses,
- No harm to people,
- No damage to the environment.

To achieve its goal, HEIDCO plans and conducts its activities in such a way as to:

Place high priority in the health and safety of its employees, contractors and 3rd parties,

Place adequate controls at every level to eliminate hazards and minimise risks,

Allocate equal status to health and safety issues with all other primary business objectives,

HEIDCO pursues these values through establishing the culture and management commitment and leadership, making sure that all company personnel are well orientated towards the culture and bear the goals in mind.
